

## Ayush Ghosh - Product Case Studies

### 1) 0->1 AI Dermatology Platform (SOCALabs)

Problem: Inconsistent visual triage workflow and limited specialist throughput.

Outcome: Built MVP roadmap and pilot metrics for enterprise validation.

### 2) Executive Intelligence RAG Assistant (Sculptor Capital)

Problem: Analyst-heavy prep for recurring executive briefings.

Outcome: Reduced prep time by 25% and improved decision cycle by 20%.

### 3) Clinical Telemetry and Support Platform (Humannity MedTec)

Problem: Fragmented support workflows and delayed issue resolution.

Outcome: 99% uptime and 40% lower support MTTR.
